

The Awesome North American Indians – Native American Jewellery

The first peoples of North America used natural material like shells, stones, porcupine quills, feathers to make wearable art. The shells and stones were chipped to make beads.

Make your own native American pendant using contemporary materials.

- 1) Cut two circles of coloured card
- 2) Attach a bunch of feathers and two pieces of string/scoobie/wool to one piece with Sellotape or glue
- 3) Cover the second circle in glue and press on top of the first circle
- 4) Add some beads/pasta/cereal to the strings
- 5) Enjoy wearing your necklace
