

Woodland theme - Pecking Woodpecker

You will need:

- a card copy of the template (coloured card or white to colour in)
- 3cm section of thin straw
- a 60 cm piece of medium string (experiment with different straws and string until it works)

- 1) Colour your template using black, red and green pens, or make a collage of different coloured paper/card. Add googly eye if available
- 2) Attach straw to the centre of the template and then glue the two halves together to make the woodpecker.
- 3) Thread the string through the straw and tie knots at ends of string
- 4) Move the woodpecker to the top of the string and watch him/her peck their way slowly down.
