

The Vicious Vikings - Creation Myth

The vikings believed that the world was created by the god Odin in a few minutes. He created Asgard for the gods, Midgard for the humans and Jotunheim (a cold unfriendly place) for their enemies, the giants. Then he joined Asgard to Midgard with a rainbow.

Make the picture using the pieces on page 2. You can choose to draw your own rainbow or use the coloured one provided.

You will need to find some sequin/silver glitter to represent the cold of Jotunheim.
