

The Trendy 20s and 30s - Flapper Headband

In the 1920s, ladies wore calf-length straight dresses, cut their hair in bobs and wore ornate headbands. Long strings of beads were also popular. A popular dance of the era was the Charleston.

Make your flapper headband

- 1) Cut a narrow strip of card to fit round your head.
- 2) Add some fluffy feathers
- 3) Decorate the front of your band with jewels, ribbons, flowers (whatever you have available in the bling line)
